DESIGN & SOFTWARE SKILLS

EDUCATION & EXPERIENCE

A flexible and competent graphic designer who is able to work within tight deadlines producing innovative design solutions from sketching to final delivery. With a strong knowledge of both screen and print design with enthusiasm for typographic solutions to projects. I have the ability to produce excellent work either on short or long term projects, as part of a team, with undeniable maximum effort and outcome. Recent recognition has been gained as a designer being featured in Computer Arts. Now looking to move into a more defined sector of the industry with an ambitious and high profile company.

MILAN CHUDOBA

Freelance Graphic Designer

I've been a graphic designer for 6 years. I was 20 when I fell in love with graphic design and this relationship still continues. My first design was a website for friend of mine, I was very satisfied with it and thought how brilliant and modern it was. When I look at it now, I can't believe that my hands made something like this. I've completely changed my style, now I try to make modern, creative, simple and timeless designs.
